

## About Me

Hi! My Name is **Ahmad Fikri Mudzaki** you can call me Eki, I am Full Stack QA Engineer

I'm passionate with QA field with more than 10 years experiences. I really like to have challenges. Moreover, I could participate effectively in a team or work individually. I'm very adaptable with any job environment and also having many experience on testing field, it's pleasure to learn and work with brand new technologies.
